Irradiation setup 1 (CEEC II, E004)

Date: 2025-09-29
Tags: Lauda Irradiation setup EA CEEC-II LabE004
Category: Equipment
Created by: Ebrahim Abedini

Table

Setup name	Irradiation set-up 1
Type of the setup	Equipment - Manual irradiation setup
Information	*Information - Everything about Usage of Irradiation Set-Up*
Location	CEEC II, lab E004 Lab E004 - CEEC II Left side of the lab Color: Yellow
Name in Instruments Calendar	*Irradiation set-up 1*
Power sources	Power Sources - BLS-18000-1 2 Power Sources - BLS-18000-1 3 Power Sources - BLS-13000-1E 2
LEDs	Light Source - UHP LED 365 nm-2 Light Source - UHP LED 405 nm Light Source - UHP LED 6500 K (white)-2 Light Source - UHP LED 470 nm-2
Beam combiner	Beam Combiner - Beam Combiner LCS-BC25-0409 -3
Lauda	Equipment - Lauda - LOOP Thermoelectric thermostat, L100, 1
FireSting / Sensor	Equipment - Firesting Fiber-Optic Oxygen Meter 2 Channel (Firesting 1) Equipment - OXSOLV-unprotected, QD7-576-089, CEEC II Lab E004 Equipment - OXSOLV-protected, QE7-580-089, CEEC II Lab E004 Equipment - Robust probe for liquid O2 measurment Equipment - Pt100 - Temperature Sensor
Introduction	Alex, Nadja
Responsible Person	Alex, Nadja

Protocol on usage of the setup	Protocol - Irradiation setup Protocol - Catalytic tests in irradiation setup in flasks/vials
Additional Information	***Before the LED lamps can be turned on safety precautions have to be taken! (lab coat, blue nitril gloves, UV-glasses).*** ***Check the cleanness of the Lauda's solution before starting your photocatalytic experiments.*** ***Close the dark box from all 4 sides before starting the irradiation.*** ***The switch on the LED itself should not be used (should always be in the "on" ("I") position).*** ***After usage, check the Argon flow to be closed, LEDs disconnected from the power source, and the stirring plate to be turned off.*** ***Do not use the stirring plate's heating function while there are plastic tapes on it.*** ***Clean the degassing cannula after usage. (Replace with a new one in case of usage of noble metals).***
Status from	*20/10/2025*
