

Pt100 - Temperature Sensor

Date: 2025-10-06

Tags: EA T sensor PT100 temperature Temperature sensor

Category: Equipment

Created by: Ebrahim Abedini

Table

Device name	Pt100 - Temperature Sensor	
Model number	Art.-Nr.: 10487	
Paper, Information	/	
Location	CEEC II, lab E004 Irradiation set-up 1	
Irradiation setup	Equipment - Irradiation setup, 1	
Name in Instruments Calendar	/	
Introduction	Alex, Nadja	
Responsible Person	Alex, Nadja	
Protocol on usage of the device	Protocol - Calibration of O2 gas sensor cap Protocol - Calibration of Trace range robust probe for O2 measurment	

Additional Information	<i>Clean it after use</i> <i>Mind the connector direction while installing to Uniamp/FireSting</i>
Status from	06/10/2025
